REPORT ON EVENT

ONLINE SEMINAR ON DISASTER MANAGEMENT

India has been traditionally vulnerable to natural disasters on account of its unique geo-Climate conditions. Floods, droughts, cyclones, earthquake and landslides have been a recurrent phenomena. About 60 % of the landmass is prone to earthquake of various intensities; over 40 million hectares is prone to floods; about 8% of the total area is prone by cyclones and 68% of the area is susceptible to drought. In the decade 1990-2000, an average of about 4344 people lost their lives and about 30 million people were affected by disasters every year. The loss in terms of private, Community and public assets has been astronomical.

Disaster Management Training was organized by Indian Red Cross Society, Montech Road, Cross society, Monitech Road, Chennai for 3 days. YRC programme officer of Ganesh College of Engineering has participated in this training programme on behalf of Anna University. (NDRF) National Disaster Rescue has given various training & taken classes on the topic Disaster Management.

REPORT ON EVENT

TUBERCULOSIS AWARENESS PROGRAMME (online)

Awareness Programme on Tuberculosis was conducted in Ganesh College of Engineering Over 170 students of our college were participated in this awareness session. This session was handled by Mr.Ramkumar, Block officer, Valappadi Block. Medical it was shown to the students. Free medical centers, Govt, Schemes and cost less medicines, were discussed in this session.

Tuberculosis (TB) is a bacteria infection spread through inhaling tiny droplets from the coughs or sneeze of an infected person. It mainly affects the lungs, but it can affect any part of body, including the tummy (abdomen). glands, bones and nervous system. Each year, the WHO global TB Report provides a comprehensive and up-to-date assessment of the TB epidemic, and of progress in prevention, diagnosis and treatment of the disease, at global ,regional and country levels. This is done in the context of global TB commitment, strategies and targets. There are two type of TB conditions. TB disease and latent TB infection. But, if their germs become active, they can develop.
